Talked with FE/China Ops. [REDACTED]
He advised that [REDACTED] is in charge of
arrangements and plans to request ORD to
provide someone familiar with the IR camera
to go over and talk with [REDACTED] I believe
it is possible that someone from TSD might
even be considered to join the group. [REDACTED]
will call me and give me definite details, and
I shall inform you accordingly. I plan to
question TSD's involvement in this matter to
determine if they have any real contribution.
